## Professional Experience

### **WiiCade.com – Owner/Lead Designer**

*November 06-Present, Toronto*

- Created concept for a game portal designed specifically for the Nintendo Wii, to harness the intuitiveness of the WiiMote through a common game development tool, Flash
- Involved in all phases of software development life cycle, including documentation and press releases.
- Conducted market research and traffic analysis to optimize website design, usability, and revenue.
- Experience dealing with anti-spam and web security software.
- Experience in many aspects of online marketing, including search-engine optimization, search-engine advertising, affiliate programs, online PR, newsletter publishing, etc.
- Designed entire front-end catering to both the screen resolutions of the Wii [800X600px] and PC's [1024X800px]

**SecG Studios - Art Design Lead***December 05-Feb 07, Toronto*

- Designed visual style of game "Downtrend"
- Utilized DirectX 9 shaders to accomplish desired style properly
- Mentored design team, including techniques export animations and models properly to our engine using proprietary software
- Modeled complex creatures and buildings in under 3000 polygons

**Visolutions Inc - IT***September 04-May 05, Toronto*

- Maintained web servers for clients in Windows 2000 and Unix
- Provided IT and network support for all company employees

**Personal Information**

- Active and social person, and like to play sports, regularly play soccer and enjoy snowboarding
- Outgoing character and involved with large network of friends both in the community in general and within the gaming world
- Very adventurous and willing to travel/relocate
- Trilingual - Fluent in both English and French, Conversational Hebrew

**Future Personal Development**

- Would like to continue to study 3ds max, Flash software as well as expand my coding knowledge
- Achieve a better knowledge of project management
